

THE HALLOWEEN PARTY MURDER

SUSPECT LIST

Aria Tate

Hostess of the annual Halloween party, Aria is a Halloween enthusiast. The parties she throws with her husband, Ben, are legendary among their tight-knit group of friends, and Aria has gained a reputation not just for her Halloween party, but also among those in the neighbourhood for her realistic Halloween yard "haunts". Of course, the neighbourhood kids love her because she hands out the most "good" candy. Aria insists everyone attend her parties in costume, whatever the costume may be.

Nicole Wolf

Sister of Kieran Wolf, Nicole is fun-loving and outgoing, and these traits often get her into trouble. A thrill-seeker to the core, Nicole is a ball of energy, rarely sitting down for long enough. This fire-cracker of a woman wakes up at dawn, goes to bed late and is usually too busy climbing rock faces or racing motorcycles to answer her phone. Regardless of her adventures though, she never misses her weekly lunch date with her best friend, Africa Meadows.

Africa Meadows

Born to eccentric parents, Africa's name sounds far more glamorous than this down-to-earth woman feels she deserves. The kind woman of the group, she's considered the "peace-keeper" and is quick to resolve any differences between members of this group of friends. Grounded and peaceful, Africa knows nothing but diplomacy and tact, and laughs when her friends tell her that she's a saint. Africa is not a huge fan of Halloween, but is never one to pass up a chance to hang out with her friends.

Leona Moonstar

A new face in the group, most have not met Leona before tonight, and her reasons for attending the party are a bit of a mystery in themselves. A soft-spoken woman, Leona has not revealed much about herself to the others, and has generally kept to herself instead of mingling. When others have spoken with her, she is polite but not forthcoming about herself or who else she knows at the party.

Nora Stone

A new face in this tight-knit group of friends, Nora is a bit of a mystery. Spirited and independent, Nora's mere presence commands attention. This stranger's class and style is apparent even as she is dressed in a classic costume, and while she doesn't give much about herself away, she is quick to question others, and easily draws information out of anyone with whom she speaks. Nora is strong yet elegant, and clearly sticks out from the rest of the laid-back Halloween party guests.

Ben Tate

Husband of Aria Tate, Ben is co-host of the annual Halloween party, and his technical knowledge of machinery has translated perfectly to creating realistic front yard Halloween "haunts" that grow more and more elaborate each year. A Halloween enthusiast, Ben begins planning and building elements of the Tate's yard display in March of each year, and his creations have been featured on the news and in the newspaper for the past three years running. Ben wears an elaborate Halloween costume, and prides himself on having the best costume at the party.

Kieran Wolf

The “player” of the group, Kieran is a serial dater – at least, he was until recently, when he met a woman named Jules Parker and swore off his playboy ways. Arguably the glue that holds this tight-knit group of friends together, it's ultimately Kieran's approval (or lack thereof) that decides the fate of “outsiders” - whether they end up being accepted by the others. Good-looking, charismatic and aware of how much even strangers adore him, Kieran is also the brother of another guest, Nicole Wolf.

Brett McKnight

Genuine nice guy Brett McKnight was the best friend of the victim, Jules Parker, and joined the group when Kieran Wolf began dating Jules Parker. While not much is known about him, he is generally kind, unassuming and usually the butt of most of the group's jokes, owing to the fact that he was in the “friend zone” with the victim. Brett is unlucky in love, and come to mention it, career and life in general as well. Brett enjoys having fun, and Halloween is his favourite holiday.

Blaine Higgins

Best friend of Kieran Wolf, Blaine prides himself on being a man about town. Single and loving it, Blaine spends his weekends picking up women in bars and drinking with his friends. Blaine is very opinionated, and loves to “explain the world” to those who he believes are less intelligent than he is. He loves watching sports, UFC and playing Xbox, and brags about how, without a woman around, he never has to fight over the remote.
