## **MR. AWESOME**

The all-around superhero, Mr. Awesome possesses super strength, speed, x-ray vision and super hearing. The last survivor of a lost alien world, he was raised on Earth by human parents but is vulnerable to minerals from his world, called Crimum. Prolonged exposure to Crimum will drain Mr. Awesome of his powers and could kill him. He is also the most publicized superhero in the world. Mr. Awesome wears a blue and red outfit with tights, boots and by day maintains a secret identity as a mild mannered accountant.

## **BATDUDE**

BatDude's family inheritance left him a billionaire and he used his fortune to build a secret underground lair beneath his mansion from which to operate. He is a genius; generally regarded as the World's Greatest Detective. And due to his matchless skill in combat, he is also the most feared hero by criminals worldwide. Yet he is a loner in the superhero community, as most other costumed crime fighters regard him as a rogue; an "anti-hero". He wears a costume of black tights, cape and, of course, a black mask over his face.

## **THE BOLAS**

The Bolas is a creepy hero to say the least. He's named after the Bolas spider, who throws a web "bola" at its prey and is one of the most cunning hunters on earth. He gained his powers after being bitten by a radioactive Spider, which gave him a sixth sense that warns him of imminent danger. The Bolas is deadly with a set of bolas, and he always keeps a few sets hidden on his person when fighting crime. The Bolas wears a red webbed suit and a mask over his face.

## **THE LYNX**

The Lynx is a mutant; born as a human with long claws beneath the skin of his hands. Lynx seemingly cannot die, and as such even though he appears to be in his 40s he is in fact hundreds of years old. He has fought with many hero teams over the years, but is considered a loose cannon, due to his horrible temper and tendency to 'shoot first and ask questions later'. Instead of a costume, he wears jeans and a beat up leather coat.

## **FLASHMAN**

Flashman is the world's fastest human. He gained his powers when he was struck by a lightning bolt in his lab; the electricity mixed with the chemicals accelerated his metabolism to the speed of light. He has been around for over a century, which leads some to believe he may be immortal, and has only just returned on the superhero scene after a long absence. He wears a red suit with a lightening bolt on his chest.

## **IRONGUY**

IronGuy is a brilliant inventor who wears a suit to keep him alive, and also fight for the side of good. Many criminals, and even factions of the world's governments have tried to steal IronGuy's suits and technologies over the years. His secret identity, Philip Trace, is a celebrity who hosts lavish parties at his mansions all over the world, including the one the heroes have been invited to for a top-secret meeting in IronGuy's secret bunker. IronGuy wears a red suit of armor.

## **STAR SPANGLLED HERO**

The Star Spangled Hero is the quintessential American icon; he enlisted for service during WW2 despite being physically unfit for duty. He volunteered for a dangerous experiment to use a serum to convert him into a Super Soldier, which gave him increased strength, speed and agility. He is regarded as one of the greatest heroes in American history, and is known for his trademark shield and red white and blue costume.

## **ARR**

A Norse God, Arr is, as his name suggests, just that – a warrior. He brings his godly powers to earth to fight on the side of good, with the help of his trusty and powerful hammer. Exiled from his otherworldly home, Arr is destined to walk with mere mortals for all eternity. Arr wears a suit of armour, a red cape and carries a large hammer.

## **ARCHER**

An ex-villain, Archer started out as a filthy rich spoiled brat. After a yachting trip gone horribly wrong, Archer was stranded on a deserted island, and became a master bowman in order to capture food to survive. He has been a member of the League of Good Guys for three years, and is a great strategist, but is renowned for being forgetful. Archer also is an inventor who designs all his bows and arrows with superpowers to suit any situation. Archer wears black pants, a black vest and carries his trusty bow wherever he goes.

## **THE BEAM**

The Beam earned his name from his mutant power: shooting beams of energy from his eyes. He is cocky and witty, and loves to start arguments, especially with Lynx. One of only a few mutants in the League of Good Guys, The Beam is a decisive leader with good instincts and fierce loyalty. The Beam wears a black outfit with a visor over his eyes to keep the beam that shoots from his eyes under control.
